

## Livestock Mats

### Description

Designed to reduce stress and keep cows in comfort, when rising or lying down  
Produced from virgin natural rubber compound which is environmentally friendly and easy to clean

- Designed to reduce stress and keep cows in comfort, when rising or lying down
- Produced from virgin natural rubber compound which is environmentally friendly and easy to clean
- High density natural rubber does not absorb or retain moisture and will not encourage bacterial or fungal growth
- The solid edge of the mat prevents the dirt seeping from outside and accumulating under the mat to maintain cleanliness
- Enhanced comfort due to the soft texture leads to higher milk production due to relaxation enjoyed by the cows
- Reduced veterinary costs due to reduction of stress and additional comfort
- Slope at the back end facilitates the easy draining of urine
- Underside with the sturdy studs provides spongy effect which reduces stress while standing
- Excellent anti-slip surface can be loose laid wall to wall or glued on

### Benefits

Slip Resistance, Suitable for wet areas, Hi Traffic, Outdoor Suitable

### Standard Mat Sizes

<p>1100 x 1850mm, Thickness: 30 mm, (Straight Edging) End Mats Stocked</p>
