

Happy Feet Texture Top Mat

Description

An Industrial Mat, made for Comfort and Safety.

Featuring exceptional anti-fatigue properties combined with unique safety edges, the Happy Feet Texture Top Mat is a smooth surface design that looks good and is spongy for long standing days.

Most industrial anti-fatigue mats have exposed foam which soaks up water, grease and oil and should only be used in dry areas. Happy feet mats feature a dense rubber cushion that is encapsulated within a solid nitrile rubber to protect against deterioration and contamination.

All this combined makes for a more comfortable, better wearing, longer lasting mat.

Key Features and Benefits:

The rough surface also cleans the shoes as you walk

Hard wearing, comfortable industrial fatigue mat

Resistant chemicals, animal fats and petroleum products

The backing is nitrile rubber grips that minimise mat movement and maximise safety

They are static dissipative and safe for use in computer rooms and electrical part manufacturing

Perfect for:

Industrial, Factories, Computer Rooms Assembly Lines. Production Lines

Uses

Industrial wet or dry areas and workstations

Standard Mat Sizes

600mm x 900mm 900mm x 1500mm

**Colours Available**

Black or Black with yellow safety border

Compound

Nitrile Rubber

Thickness

9mm
