

Static Dissipating Mat

Static dissipating mats, featuring anti-fatigue qualities.

Description

At Mat World we have designed our Static Dissipating Mat using a special grounding cord that clips to the mat and is attached to an earth point such as a grounded office skirting. This enables static electricity built up in the body to discharge harmlessly through the mat and the earth.

Importantly, our premium Static Dissipating Mat helps avoid damage to sensitive equipment while simultaneously performing an anti-fatigue function for your office staff.

KEY FEATURES:

- Anti-fatigue qualities
- Can also be edged based on your specific requirements
- Ideal for electronics industry work areas - protects workers and helps avoid damage to sensitive equipment

Perfect for:

Data rooms, computers, copiers, indoor ATMs, Service Counters, Industry Work areas, Registration desks and factories where machines give off static.

Benefits

Slip Resistance, Anti Fatigue, Custom, Suitable for Dry Areas
